

Release Date: From 19/01/09

Masonry Drill Bits - New & Improved Product

Tradesman quality for rotary and percussion drilling. Product packaging is colour code marked to indicate the correct plug size. Ideal for use in natural and artificial stone, masonry brickwork and concrete. Tungsten carbide tipped for increased life. Suitable for all impact drills or rotary hammer drills fitted with a chuck.

Features

- Carbide percussion tip with semi positive profile for aggressive drilling in hard materials.
- Rolled double flute provides greater dust extraction extending drill life.
- Sandblasted finish.
- New packaging with clearer information.

Environmental Statement

Diager and Sutton masonry drills are certified ISO 14001 for sustainable development. These products contribute to environmental protection by a "sandblasted" surface treatment which guarantees zero heavy metals and by a protection called "without COV (Volatile Organic Compounds)" meeting the European directive 1999/13CE
