Screwdriver Bits

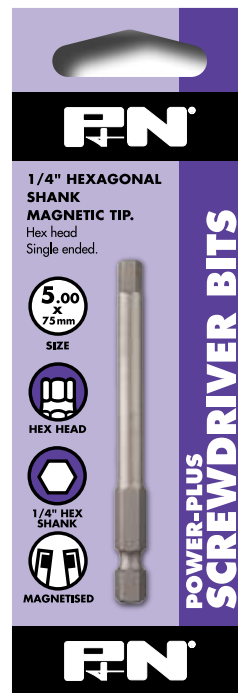

This system is very popular in machine tools.

The vertically sloping side walls of a HEX recess screw head prevent the cam out recess effect. Therefore less pressure is required as upward pulling forces are prevented.

Also very popular for driving deck screws.

Features

- 1/4 inch Hex Shank
- AISI Impact and shatter resistant tool steel.
- Fits standard Quickbit Adaptor.
- Manufactured to DIN3126 Standard.
- Magnetic Tip.
