PRECISION BALL LEVEL
EASIER TO READ THAN A BUBBLE™

Precision Ball Level

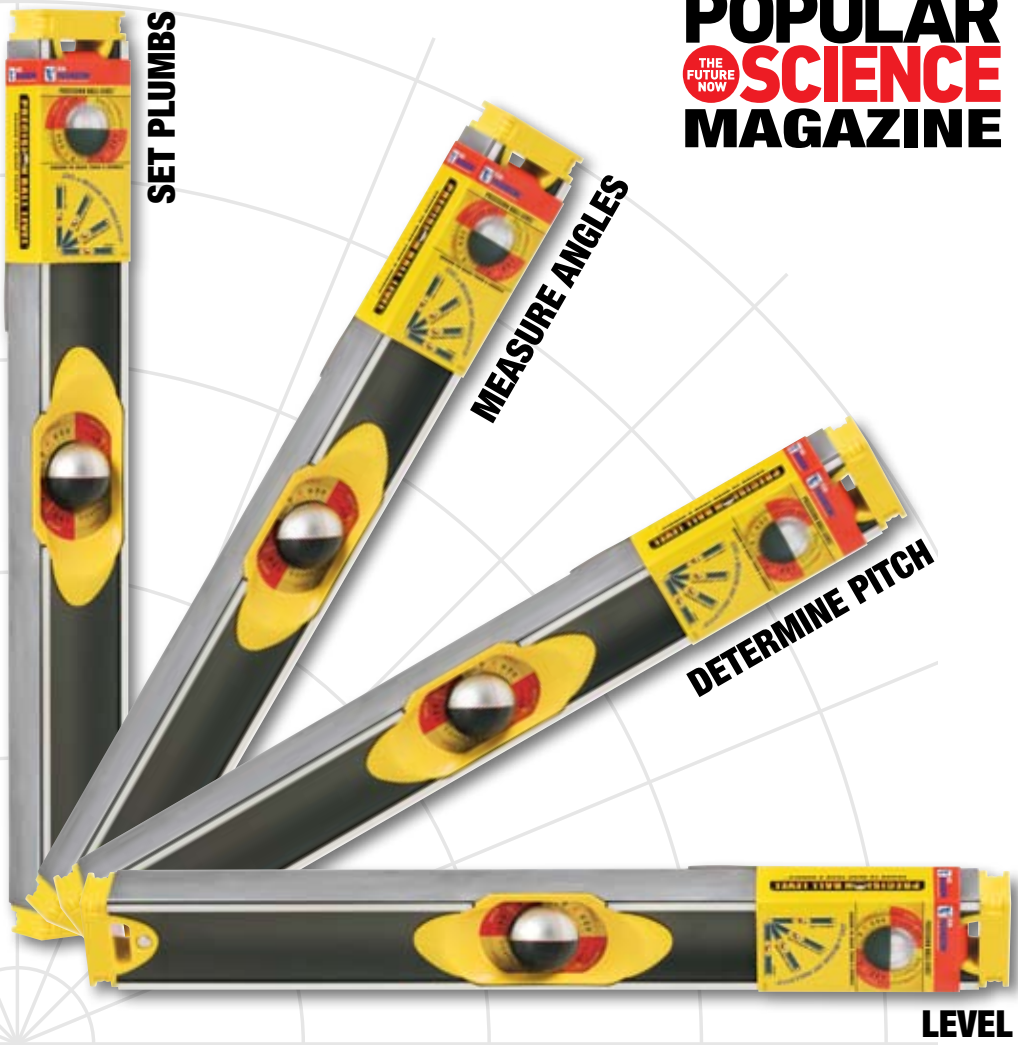

Forget looking for the bubble - the new Precision Ball Level™ make measuring level a quick and simple process. In addition, measuring angles/pitches and determining plumb is a breeze with the level's aviation inspired technology - technology which can measure in any two directions at the same time. The aviation inspired technology can rotate 360 degrees in any direction. Simply put, the Precision Ball Level is a better and more useful tool.

Features

- 600mm long
- Bold display gives high visibility reading at a glance
- Precision measurements
- Measures angles and pitches
- Multi-Angle Precision Ball
- Measure in any two directions at the same time
