Quickbit Brad Point Drill Sets (For wood working applications)

- For use in furniture making, doweling, cabinetry, and other woodworking applications
- Made in China

Features

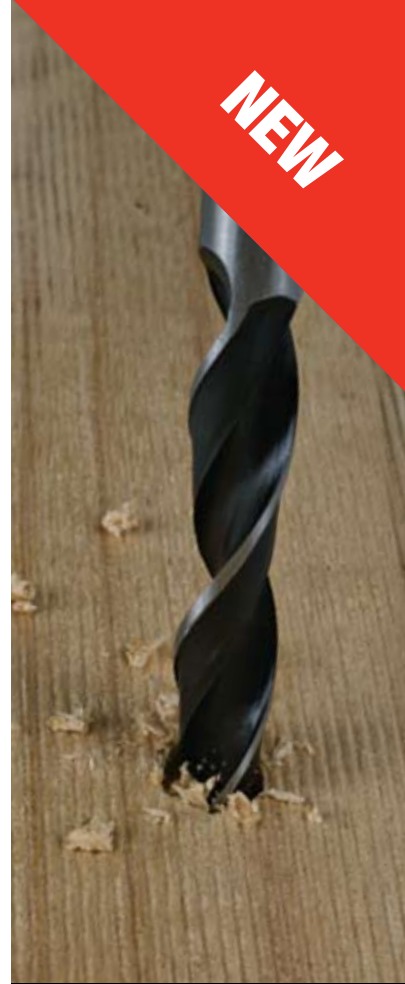

- Brad point tip provides accurate positioning for starting the hole
- Spur cutting edges reduce splintering and ensure a smooth, clean hole
- Wide flutes provide a fast, continuous flow of chips
- Hex shank suits quick change adaptors

Helpful Hints

- Use a moderate speed on your power drill, withdrawing the drill regularly to clear the flutes.
