Quickfit® Arbors

The strongest arbor in the market for heavy duty cutting, the new P&N Quickfit® Arbor has been designed to assist in the quick location and fitment for the complete P&N range of Holesaw products.

Features

- Fully engages into the Holesaw quickly with one sliding action of the collar
- The drive pins self locate into the drive holes in the Holesaw
- Non slip rubber finger grip for ease of use
- Made from through hardened chrome alloy steel
- The QFP1 Arbor suits holesaws from 32mm up to 152mm
- The QFP2 Tandem Arbor enables existing holes (up to 140mm) to be made larger
- The QFP3 Set includes QFP1, QFP4, 3-1/4 pilot & 4-1/8 pilot drill
- The QFP10 Arbor suits 10mm drill chuck, and holesaws from 32mm up to 152mm
- With the use of the QFP4 Adaptor combined with the QFP1 Arbor, one arbor will fit all holesaw sizes

Benefits

- Will fit all standard type holesaws in the market (made to international thread pattern)
- No additional drive pins or extra bosses required
- Will fit into a standard 13 millimeter drill chuck. QFP10 fits 10mm chuck
